It's amazing how beautiful your surroundings become from the deck of your very own power catamaran. Now, you have even more ways to enjoy this unforgettable experience.

Available now in the British Virgin Islands and early 2016 in the Bahamas, The Moorings 433 Power Catamaran is the ideal vacation platform for families or groups of up to eight guests. This innovative yacht features an expansive master suite, two en-suite cabins and a range of contemporary amenities in a fun communal layout. Step aboard, cruise with ease and experience everything the islands have to offer—from the blue waters of Cane Garden Bay to the breathtaking beaches in the Abacos.

Or, escape on its four-cabin counterpart, the 434PC when it comes to Thailand in 2016. See and do more with a group of up to ten guests as you discover

soft sand beaches, majestic limestone peaks and a culture so friendly, it's earned this exotic paradise the nickname "The Land of Smiles."

Our premier power cat, The Moorings 514PC has become a popular choice for charters in the British Virgin Islands and The Bahamas—so popular, in fact, that we've expanded its presence into three new destinations. Now you can cruise between hundreds of history-rich islands in Croatia, discover coral-flecked harbors in Grenada, or simply soak up that warm Caribbean sun in St. Martin.

While the destinations are plentiful, one thing will always remain the same—our commitment to making your time on the water truly unforgettable.
