

Dhoni Stella private yachts are exquisite combinations of tradition and comfort. They are the first live-a-boards designed on the model of the legendary Kalhuofummi, the miraculous 'dhoni' of the Maldivian hero. Built using mainly local wood, the detailed finishing is reminiscent of the original, antique dhoni's simplicity and elegance.

Dhoni Stella yachts are ideal for an exclusive experience of the best of the Maldives: diving, fishing, snorkeling, or visits to desert islands and charming resorts. A cruise on Dhoni Stella is an enriching journey on board an authentic traditional boat.

#### THE CABINS

Dhoni Stella accommodates two, elegant cabin-suites accented with décor from the Maldives and the exotic warmth of teak and meranti woods. Cabins are located at sea level with large windows, excellent ventilation and a wonderful sea view. All suites have ample space including en-suite bathrooms, individual air conditioning, personal storage, flat-screen TV & DVD.

#### DINING - SUN DECK

Dhoni Stella lets you enjoy dining on a pleasant terrace on the sea. Our chefs prepare international cuisine with an Asian flair or the most traditional Western and Italian dishes. The top deck has sun loungers surrounded by a comfortable spacious area, overlooking the ocean.

#### WATERSPORTS

Dhoni Stella yachts have a fully-equipped Dive Center, located on the aft deck. The platform is also equipped with fishing gear and rod holders for trolling and spinning. A large motorized dinghy is also available.
